Redefining Performance Management

National Competency Standard (BSB):
BSBMGT502 - Manage people performance

Course Objectives

Upon completion of this course, attendees will be able to manage the performance of staff who report to them.

This workshop provides participants with the skills to manage the performance of staff who report to them. It presents and discusses various strategies for timely coaching and feedback, and provides the basis for performance management. It is applicable to managers and team leaders who manage people. It makes the link between performance management and performance development, and reinforces both functions as a key requirement for effective managers.

Duration

1 Day.

Course Outcomes

1. Allocate work effectively
2. Develop and understand key result areas and key performance indicators and standards
3. Understand different methods used to review performance, and develop and deliver performance appraisals
4. Appreciate the value of rewards and recognition, and the importance of constructive staff feedback
5. Conduct performance management in an effective manner
6. Implement agreed performance improvement and development plans
7. Manage poor performance and provide support services

Optional Assessment

This is a nationally recognised training program. Participants who successfully complete the optional assessment component of this course will receive a Statement of Attainment for the unit(s) of competency outlined above (additional fee applies – please enquire when you book).
