Modes of delivery / volume of learning	<p>An NDA assessor develops a training plan in consultation with the learner and their supervisor (if applicable). The plan is tailored to achieve the learner's need and specific workplace outcomes that align with the qualification.</p> <p>Learners are reviewed for existing skills, prior knowledge and workplace experience. Where skill gaps are identified, additional support is available through training courses at NDA. Training consists of face-to-face, trainer-led classes that include small group and individual activities.</p> <p>The training plan outlines the modes of delivery and the units to be assessed at regular assessment visits agreed with the learner, their supervisor (if applicable) and the NDA assessor.</p> <p>Modes of delivery provided by NDA include:</p> <ul style="list-style-type: none"> Face to face, trainer-led classroom sessions combined with self-paced learning. Depending on electives chosen this may comprise up to 40 hours of classroom tuition plus 3 – 6 hours per week of self-paced study. Self-paced learning without attending classroom sessions: 5 - 10 hours per week (this can include time spent at the workplace on relevant tasks). <p>These estimates assume no prior knowledge or skills on the part of the learner.</p>			
Assessment evidence techniques	<p>NDA assessment tools meet the principles of assessment and rules of evidence outlined in the Australian Skills Quality Authority (ASQA) standards.</p> <p>The assessment tools allow the learner to choose the evidence that they provide to the assessor.</p> <p>NDA assessment tools that provide evidence include:</p> <p>Questions and answers + projects</p> <ul style="list-style-type: none"> Learners can be provided with assessment documents for each of the 12 units of competency in this qualification. Each assessment document contains a number of written questions and one or more projects. If you choose to complete this form of assessment, all written material should be completed and returned to your assessor. <p>Workplace evidence</p> <ul style="list-style-type: none"> Appropriate workplace evidence can be provided for assessment. You will be provided with a list of suitable workplace documentation that is relevant to the unit of competency requirements. <p>Supervisor/assessor/third party report</p> <ul style="list-style-type: none"> This report allows the learner's supervisor to comment on the skills they have observed the learner demonstrate. These observable skills should align to the requirements of the unit of competency. If the learner doesn't have a supervisor then the assessor or a third party can perform this task. 			

	<p>RPL portfolio</p> <p>Learners can submit a portfolio of recognition of prior learning (RPL) evidence to the assessor for assessment relevant to the unit of competency. NDA's RPL policy - http://www.nda.com.au/traineeships/overview.asp.</p> <p>NDA training course</p> <p>Project Management qualifications include optional attendance at two 2-day project management training courses and potentially three other training courses, depending on electives chosen. Satisfactory completion of coursework at Microsoft Project and Managing Successful Projects will provide partial competency for the listed units. Additional work will be required to achieve full competency in these units.</p> <p>NDA assessment tools are mapped against the elements and performance criteria to confirm that the learner can show competency in each unit for the qualification. Critical aspects for assessment are included in the mapping process to ensure that all the essential skills are demonstrated.</p> <p>NDA encourages learners to submit evidence gathered prior to each assessment visit to their assessor. This allows the NDA assessor to identify any gaps in evidence and supply additional evidence, if required.</p>
